

21st World Ship Model Championship of the World Organisation for Shipmodelsport NAVIGA, Section „C“ 23.-28.09.2023, Jablonec nad Nisou, Czech Republic

INFORMATION FOR COMPETITORS

Dear friends,

We are sending you some important information regarding the arrival to Jablonec nad Nisou and the organization:

1/ Enter the address EUROCENTRUM in the navigation or use the GPS coordinates 50°43'24.08 "N, 15°10'20.87 "E. There are large boards of the information and navigation system of the town at the entrances to the town. Follow the EUROCENTRE arrow.

2/ The models will be displayed in the EUROCENTRUM premises (Jiráskova 4898/9, 46601). Park in front of the building (see photo) and put the printed parking ticket (attached) visibly behind the window. Parking is otherwise forbidden here and we have arranged an exception during the unloading and loading of models. POLICE will tolerate us. Please announce your arrival at the EUROCENTRUM entrance (it will be indicated by the navigation system). Registration will take place here.

3/ Registration. One will come to stick on the model stand, one on the technical documentation of the model and one on the transport box of the model. The transport boxes will be stored for the duration in two warehouses directly in the EUROCENTRUM premises, depending on which floor your model will be displayed on. With this in mind, you will also be indicated by our associates when registering to the model unloading point.

Important note: unless the entry fee and banquet payments have been made by bank transfer, all payments at registration will be made in the organizer's currency CZK. It is possible to pay by card using a payment terminal. We ask the national team leaders to pay the entry fee and the banquet fee for their teams at the same time (if possible).

For senior participants - 40 € per model = 1000,- CZK;

Each additional model at the World Championships - 20 € - 500,- CZK

For junior participants - free

Coctail Party - On 27th September 2023 for 30 € = 750,- CZK

4/ Unloading and installing models: after registration you will be directed to unload the models. Depending on the category, the unloading will take place either in front of the main entrance to EUROCENTRUM (at the registration desk, where you are already parked) or further down Jiráskova Street, where there is an alternative access to the large hall (see photo below). After unloading the models in the crate, you must immediately drive to the parking lot, e.g. on Tržní náměstí, which is about 150 m from EUROCENTRUM. Parking lots in the city centre are paid. Therefore, we recommend that after unloading the crate with the model and registration, park the car at the hotel and walk back to the exhibition site and unpack the model in peace. The model will be installed in the exhibition hall according to the instructions and in cooperation with the organizers (uniform t-shirt and tag). The model boxes will be stored in one of the warehouses behind the hall for the duration of the championship. We would like to take, with your permission, a photograph of each participating model in a uniform style. This photograph will not be used for commercial purposes. It will be used only to showcase and promote the activities of NAVIGA Section "C" and the

organizer.crate model. The transport crates will be stored for the duration in two warehouses on the EUROCENTRUM premises, depending on which floor your model is displayed. With this in mind, you will also be listed by our staff when you register to the model unloading point.

5/ Meals are available in the EUROCENTRUM restaurant or at your own discretion in other restaurants in the city centre.

Please do not forget your health and accident insurance, which each participant must have.

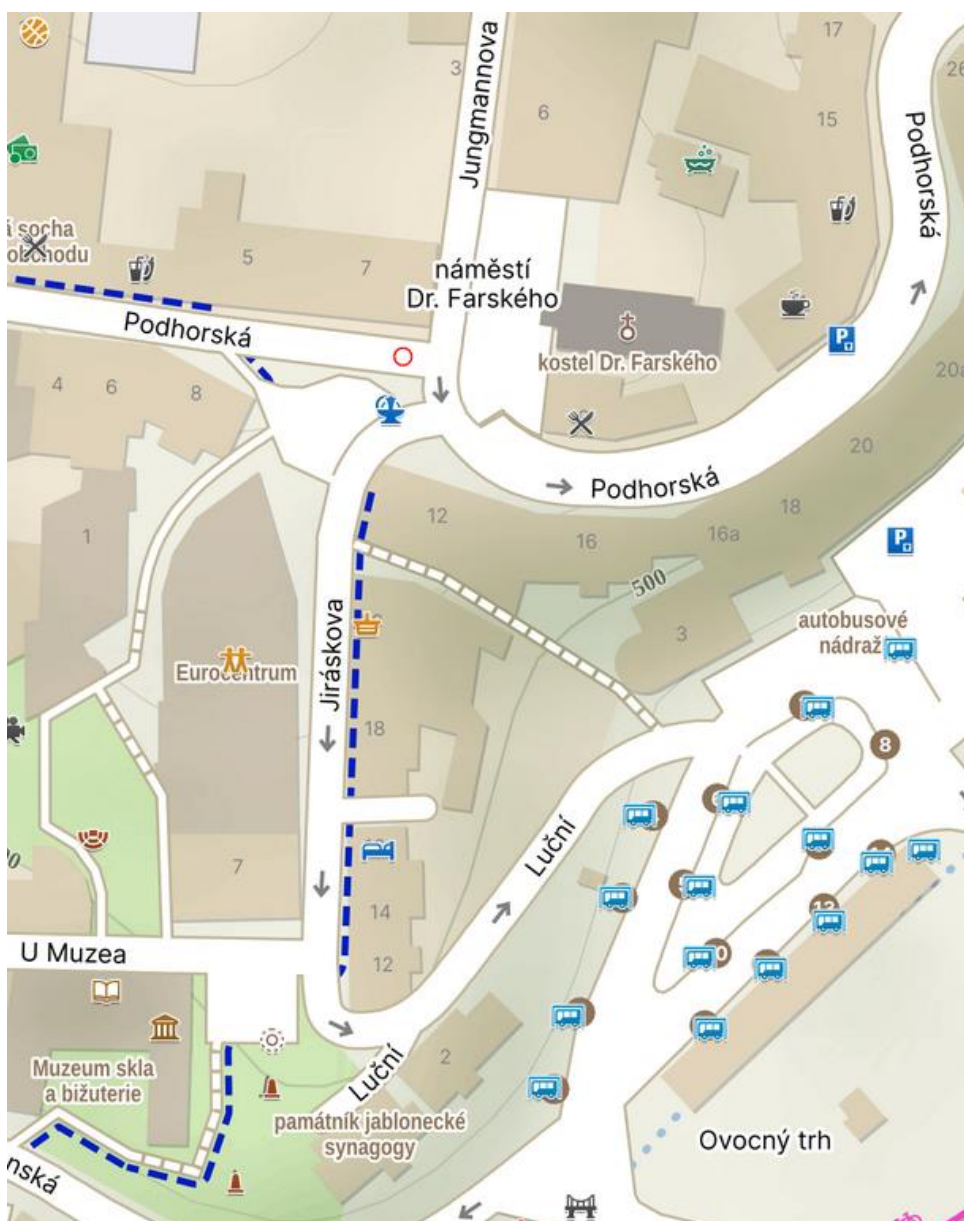

7/ Departure. The next opportunity will be on Friday morning 29th September.

Notice:

Smoking is strictly prohibited in the entire EUROCENTRUM area!

Wifi connection in EUROCENTRUM is: eurocentrumhost, password: eurocentrum

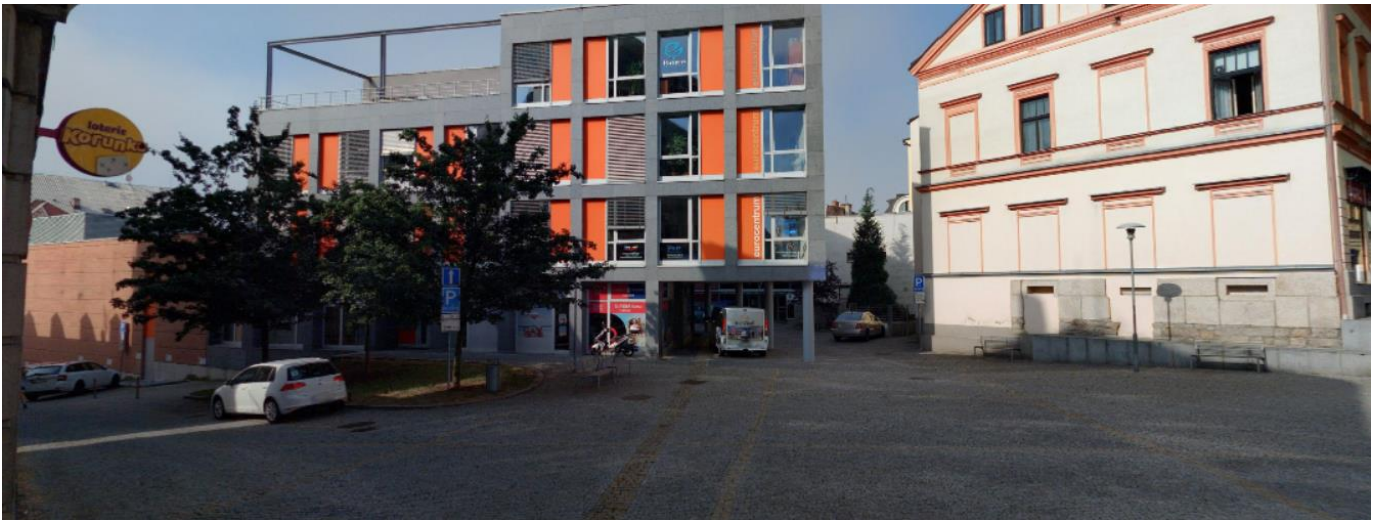

Any changes at: <https://wchs-c-2023.eu/cz>
